Discussion of reasoning behind suggested changes – seasonal 'hazards', new conflicts with other club's events causing extreme decline to our entries. We can try these changes and change if they don't help. Members were supportive and in agreement of suggested date changes. Motion by Dawn Gordon-Perine to accept event date changes. Second: Jan Oswald. Motion passed. These changes will be presented to Sierra DBC at their next meeting tomorrow. [Reference Event dates at the end of these minutes.]

Next meeting: SATURDAY, MAY 4, 2024 AT 4PM, CoCo's Bakery Restaurant, Brea, CA

Brag:

Luanne: Miss Bee is expecting 2 puppies due over the next 3-4 days.

Dawn: Keeva passed her first solo hunt test. Lenny competed in the NW3 nosework trial at the March Field Air Museum. Although he didn't title, he did receive pronounced in two of the six searches.

Chuck and Victor: Karen is developing into a very confident nosework dog. She stood on her hind legs against a less than completely stable 55 gallon trash can to reach a hide placed underneath the handle. Way to go Karen!!!! Wills was not to be out done and found all the hides with confidence and with his usual speed and laser-like focus!

Motion (Dawn) to adjourn with Second (Luanne). Motion passed.
Meeting Adjourned at 5:47pm.

Respectfully Submitted: Jan Oswald
